## 3.5L ECOBOOST PERFORMANCE

Also Fits the 2011 5.0L V-8!

Suppose you could boost the horsepower and torque of your F-150 with one simple, bolt-on system? AIRAID can make that happen with their all-new Quick Fit Air Intake for Ford F-150's with the 3.5L V-6 EcoBoost and 5.0L V-8.

The new system features a Cold Air Dam design and Roto-Molded MAF adapter that maximizes air flow to the engine. The system incorporates a HUGE washable and reusable Premium Air Filter for maximized air flow and filtration. The filter is hand-poured urethane to prevent cracking and shrinkage in the extreme conditions found under the hood.

This new intake system installs in minutes with ordinary hand tools and comes with AIRAID's exclusive "No-Hassle" Warranty.

**20** HP  
**39** TQ

**HUGE**  
**1600 CFM Filter**  
**For Greater Flow!**

*Blade Style Weather Strip Keeps heat away from the filter*

*Utilizes OE Mounting Clips*

*\*Not legal for sale or highway use in California and some other states.*

**In Stock, Ready to Ship!**

**Retains OEM Coolant Reservoir**

- ◀ **Bolt On Performance**
- ◀ **Super Easy Installation**
- ◀ **Massive High Flow Filter**
